Letter of Recommendation

To Whom It May Concern,

I am excited to show my support for Allyson Robertson for a position as both a 2D and 3D animator.

Allyson is an ideal employee with an incredible work ethic as she is hardworking, dedicated and an efficient problem solver.

I worked closely with Allyson as she worked under my supervision at Arcana Studio. Allyson performed a multitude of different tasks and was always able to complete them to a high standard. Allyson created both 3D and 2D animations in animated feature film production. She worked excellently creating 2D motion comics, showcasing her extensive knowledge of both Adobe After Effects and Adobe Photoshop.

Allyson always demonstrates a desire to better herself, and would be an amazing fit in any position she be thrust into.

I highly recommend Allyson as an amazing employee.

Sincerely,

Sean O'Reilly
